

# AsiaCare Coverage Details

## Gold: Components Covered

### Air Conditioning (factory fitted only) and Heating

- A/C compressor and seals
- A/C compressor / clutch switch

### Brakes

- Anti-lock brake module, pump and sensors (ABS - factory fitted)
- Calipers and seals
- Combination valve
- Lines and fittings
- Master cylinder
- Park brake return springs
- Parking brake linkage and cables
- Power brake booster
- Retainers and clips
- Self adjusters
- Shaft, brake pedal
- Wheel Cylinders

### Drive Axle (Front and Rear)

All internally lubricated components contained within the drive axle, for example:

- Bearings (wheel bearings exclude)
- Constant velocity joints (unless damage caused by torn drive boots)
- Drive shafts
- Locking hubs
- Oil pan and axle drive housing
- Seals and gaskets (alone not covered)
- Universal joints and couplings

### Electrical

- All electronic control units ECU's (factory fitted)
- Alternator and regulator pack
- Coil, ignition
- Distributor assembly and shaft
- Distributor cap and rotor
- Horn and multifunction stalk switch
- Ignition module, electronic
- Starter motor
- Starter motor solenoid
- Switches, manually operated electrical
- Windscreen wiper and washer motors (front and rear)

### Engine

All internally lubricated parts contained within the cylinder block and head(s), for example:

- Balance shafts and balance shaft bearings
- Camshaft bearings and followers
- Camshaft timing sprockets
- Connecting rods and bearings
- Crankshaft and main bearings
- Cylinder block
- Cylinder heads
- Front crankshaft drive pulley
- Oil pan
- Oil pump
- Pistons, piston rings and pins
- Push rods
- Rocker arms, shafts, bushings
- Seals and gaskets (alone not covered)
- Timing gears, guides and tensioners

- Timing chain
- Timing chain vibration damper
- Timing chain cover
- Valve covers
- Valves, valve guides, lifters, springs and seals
- Variable valve timing mechanism

- EGR pressure sensor
- EGR regulator assembly
- EVAP vapor storage canister
- Fuel accumulator and pressure regulator
- Knock sensor
- Lambda (oxygen) sensor
- Mass air flow sensor
- Pollution sensor positive crankcase ventilation system (excluding hoses)
- Temperature sensor, engine coolant
- Throttle body and throttle positioning sensor

**Also covered** (outside the block):

- Flywheel
- Flywheel ring gear
- Manifold, intake
- \*Timing chain / belt (breakage)
- Turbocharger / supercharger unit (factory installed)

**Fuel System** (Diesel and Petrol)

- Fuel tank sender unit
- Lift pump
- Mechanical and electrical fuel pump(s)

**Engine Cooling System**

- Coolant level sensor
- Oil cooler
- Radiator and radiator fan
- Radiator cooling fan resistor
- Radiator fan clutch, viscous coupling or motor
- Thermostat
- Thermostat housing
- Water pump

**High-Tech**

- Keyless entry / central locking system (excluding door handle)
- Power door locks and retainer clips (excluding door handles)
- Power window and sunroof motors / regulators / switches

**Fuel Injection and Emissions**

**Management Systems**

All components within the fuel and emissions management system, for example:

- Accelerator pedal position sensor
- Air control valve
- Air idle control valve
- Air supply valve, hose and tube
- Barometric / map pressure sensor
- Camshaft position sensor
- EGR control valve

**Steering**

- Idler arm
- Linkages and couplings
- Manual and power (includes all internal parts but excluding gaiters)
- Power steering- electric assisted sensor and motor
- Power steering reservoir
- Pulley assembly, power steering pump
- Seals and gaskets (alone not covered)
- Steering box
- Steering rack and pinion housing

## **Suspension** (Front and Rear)

- Ball / swivel joints, upper and lower
- Control arms, upper and lower
- Control arm shafts
- Linkage
- Spindle and spindle supports
- Springs (front and rear)
- Stabilizer bar
- Tie rods

- Turbo unit
- Wastegate and actuator

### **Please note:**

- Noise and vibration due to worn out parts are not covered
- Leaking seals and gaskets alone are not covered
- Timing belt is only covered provided that the last due change of the belt has taken place as specified by the manufacturer's schedule (proof required)
- Suspension bushings and shock absorbers are not covered, as these are a wear and tear item

## **Transmission** (Automatic, Manual, and CVT)

All internally lubricated parts contained within the transmission and transfer case, for example:

- Automatic transmission fluid temperature sensor
- Differential gear assembly
- Gear range position sensor
- Gear shift cable
- Governor assembly
- Housings / cases and oil pan
- Park / neutral position switch
- Release hubs and bearings
- Seals and gaskets (alone not covered)
- Shafts, gears, selectors, bearings, pumps
- Shift solenoid valves
- Torque converter
- Vehicle speed sensor

### **Also covered** (outside the casing):

- Automatic transmission fluid cooling unit
- Vacuum modules

### **Manual Clutch:**

- Clutch master cylinder
- Clutch slave cylinder
- Clutch throwout bearing

## **Turbocharger** (factory fitted)

- Pipes and hoses
